Company Info

Section 1: Permissions

A company administrator may or may not have the correct permissions to use this feature. The administrator may have limited permissions, for example, they can affect only certain groups and/or use only certain options (view but not create or edit).

If a company administrator needs to use this feature and does not have the proper permissions, they should contact the company’s Concur administrator.

In addition, the administrator should be aware that some of the tasks described in this guide can be completed only by Concur. In this case, the client must initiate a service request with Concur Client Support.

Section 2: Overview

The Company Info feature can be used to broadcast information via the Company Notes section of the home page. This information can include links to other applications (such as a company intranet site or local traffic), "How To" information for Concur users, or links to external documents.

The admin can configure a message to be broadcast company-wide or a message can be restricted to one or more groups – targeting the appropriate audience for each message.

What the User Sees

The message displays in the Company Notes area of the home page. The user sees the messages configured for their group and the messages that are configured to be seen company-wide.
Section 3: Procedures

Permissions/Roles

Any user assigned the Company Info Administrator role (Administration > Company > Company Admin > User Permissions) can create and post Company Info messages. This user is given all of the necessary rights to create and maintain Company Info messages.

Note the following:

- The Company Info Administrator role is available on the Expense, Request, and Invoice tab in User Permissions.
- The Company Info Administrator permission is global. When creating or editing messages, the admin can define the desired groups.

Accessing Company Info

To access Company Info:

1. Click Administration > Expense (or Invoice or Request).
2. Click Company Info (left menu). The Company Info page appears.
On this page, you can add and modify messages and:

- Use the **Show** list to view all items or the current and future items.
- Use the **Language** list to display the messages by language.
- Click the column heading to sort the column.

Refer to Information about Sorting, Icons, and Display in this guide for additional information.

### Adding Company Info

The Company Info administrator can add any number of Company Info items.

**To add Company Info:**

1. On the **Company Info** page, click **New**.

This page appears.
2. Complete the appropriate fields.

<table>
<thead>
<tr>
<th>Field</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Language</td>
<td>Click the desired language.</td>
</tr>
<tr>
<td>Headline</td>
<td>Required. Enter the text that should appear as the title for the info item. This is a required field and cannot exceed 255 characters. <strong>NOTE:</strong> This field will not execute HTML.</td>
</tr>
<tr>
<td>Company Info</td>
<td>Required. Enter the full text of the Company Info item here. This can contain plain text or HTML characters. Use the editing tools provided to change the item's style. This field cannot exceed 2000 characters. <strong>NOTE:</strong> The Company Info item will appear on the home page exactly as shown here. The item cannot be minimized.</td>
</tr>
<tr>
<td>URL</td>
<td>Enter the absolute full path address for the Web page that is to be accessed when the link is clicked. For example, <a href="http://www">http://www</a>.&lt;companyname&gt;.com. If a URL is entered, the headline text will automatically become a hyperlink that launches a new browser window when clicked. This field cannot exceed 255 characters. <strong>NOTE:</strong> The URL does not have to be entered, since the Company Info field can contain the entire announcement. For example, a brief news item could be &quot;Monday, May 29th, is a company holiday. Doors will be locked and phones will not be answered.&quot;</td>
</tr>
</tbody>
</table>
### Field | Description
--- | ---
Start Date | Required. Enter the date (Eastern Time Zone) when the item should become visible to the employees. This date defaults to the current system date.
End Date | Required. Enter the date (Eastern Time Zone) when the item should be removed from the home page. Expense automatically hides the item at the start of the day specified in this field. **TIP:** If you want the message to appear for a long length of time, use a date well into the future.
Applies To | Click one or more groups. These are the groups of employees who will see the message. Click Global for messages that are to be viewed by all users.
Update All Languages? | Select this box to update all languages with the text displayed on the screen.

3. Click **Save**.

### Editing Company Info

*To edit Company Info:*

1. On the **Company Info** page, either:
   - Click the desired message and then click **Modify**.
   - or -
   - Double-click the desired message.
2. Edit the fields as necessary, using the field descriptions in *Adding Company Info* in this guide.
3. Click **Save**.

### Localizing Company Info

The Company Info item may need to be localized into other languages. The editor supports multiple language versions of the same item.

*To add another language:*

1. On the **Company Info** page, click the name of the item you would like to localize.
2. Using the **Language** list, select the desired language.
3. Enter the localized text.
4. Click **Save**.

5. Continue repeating steps 2-4 for all the desired languages.

**Section 4: Information about Sorting, Icons, and Display**

In the following samples, **assume that today is April 7**.

**Current and Future vs. All**

On the **Company Info** page, the list on the right side of the page has two display options: **Current and future** and **All**.

**Current and future** shows all items that currently display to the user on the home page, including items with a Start Date of today.

**All** shows all Company Info items.

These items display by Start Date, with the latest Start Date on the top.
Yellow Icon

In All view, the yellow icon means the item is no longer visible to users, including those with an End Date of today (April 7):
