Legal Disclaimer

The information in this presentation is confidential and proprietary to SAP SE or an SAP affiliate company and may not be disclosed without the permission of SAP SE or the respective SAP affiliate company. This presentation is not subject to your license agreement or any other service or subscription agreement with SAP SE or its affiliated companies. SAP SE and its affiliated companies have no obligation to pursue any course of business outlined in this document or any related presentation, or to develop or release any functionality mentioned therein. This document, or any related presentation and SAP SE or an SAP affiliate company's strategy and possible future developments, products and or platforms directions and functionality are all subject to change and may be changed by SAP SE and its affiliated companies at any time for any reason without notice. The information in this document is not a commitment, promise or legal obligation to deliver any material, code or functionality. This document is provided without a warranty of any kind, either express or implied, including but not limited to, the implied warranties of merchantability, fitness for a particular purpose, or non-infringement. This document is for informational purposes and may not be incorporated into a contract. SAP SE and its affiliated companies assume no responsibility for errors or omissions in this document, except if such damages were caused by SAP SE or an SAP affiliate company's willful misconduct or gross negligence.

All forward-looking statements are subject to various risks and uncertainties that could cause actual results to differ materially from expectations. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of their dates, and they should not be relied upon in making purchasing decisions.

Release Notes

Concur TripLink provides solutions to bring travel bookings from outside Concur Travel into SAP Concur solutions, and can be paired with Concur Expense, Travel, or both products. Its main features include the ability to capture itineraries through direct booking partners, capture of data from business reservations sent to TripIt, and the TripIt Pro features that are available to all travelers.

Planned Changes

The items in this section are targeted for future releases. SAP Concur reserves the right to postpone implementation of – or completely remove – any enhancement/change mentioned here.

IMPORTANT: These Planned Changes may not be all of the upcoming enhancements and modifications that affect this SAP Concur product or service. The Planned Changes that apply to multiple SAP Concur products and/or services are in a consolidated document. Please review the additional Planned Changes available in the [Shared Planned Changes Release Notes](#).

Concur TripLink

No Planned Changes This Month

TripIt

Spanish Language Support (Apr 4)

Information First Published	Information Last Modified	Feature Target Release Date
March 11, 2022	March 11, 2022	April 4, 2022
Any changes since the previous monthly release are highlighted in yellow in this release note.		

Overview

In an upcoming release, TripIt will be available in Spanish. TripLink users whose SAP Concur profile is set to a Spanish language will be prompted to connect to TripIt via messaging in travel alerts, the App Center, and other in-product messaging. Currently only users whose languages are set to English, French, German, Italian and Japanese are prompted to connect to TripIt. This change will affect all clients with TripIt Pro as part of TripLink.

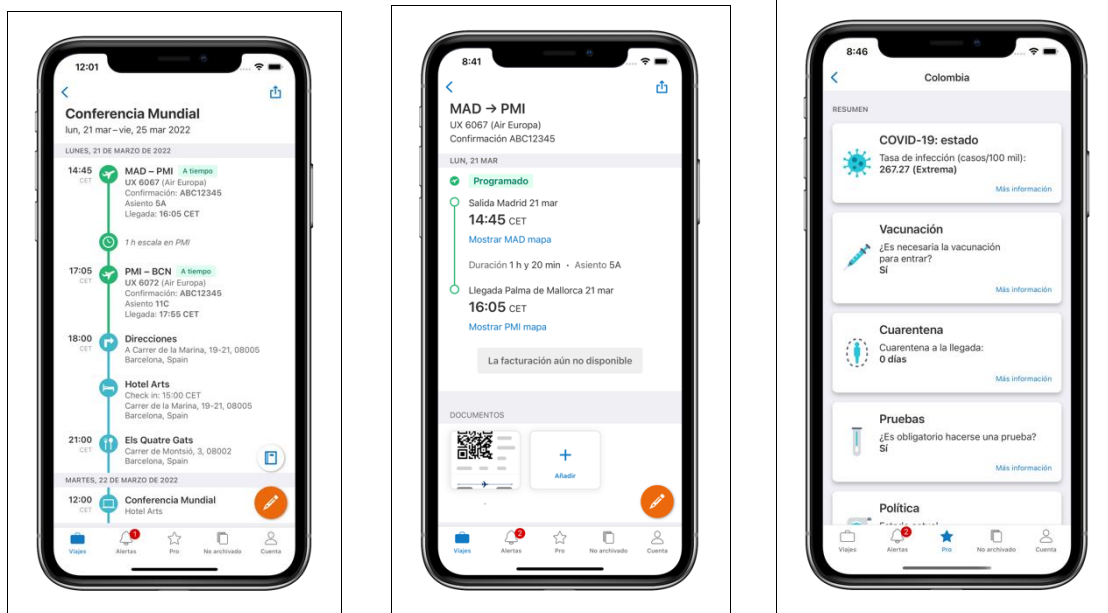

USER/CUSTOMER BENEFIT

TripLink customers whose language is set to Spanish can connect to TripIt.

TripIt customers in all regions can use the mobile and Mac apps in Spanish, as well as English (US and UK), French, German, and Japanese. In certain regions, the TripIt website is also available in Spanish.

What the User Sees

If customer's device language is set to Spanish, the TripIt app will also operate in that language. The same is true for English (US or UK), French, German, and Japanese. For all other languages, the app will remain in US English.

Configuration for Professional and Standard Travel

This feature will be enabled by default. There are no configuration steps. Clients may reference [the TripLink toolkit](#) for more information on TripIt Pro, including resources to help drive adoption with their travelers following activation.

Client Notifications

Accessibility

Accessibility Enhancements

SAP implements changes to better meet current Web Content Accessibility Guidelines (WCAG). Information about accessibility-related changes made to SAP Concur solutions is published on a quarterly basis. You can review the quarterly updates on the [Accessibility Updates](#) (English Only) page.

Subprocessors

SAP Concur Non-Affiliated Subprocessors

The list of non-affiliated subprocessors is available here: [SAP Concur list of Subprocessors](#)

If you have questions or comments, please reach out to: Privacy-Request@Concur.com

Supported Browsers

Supported Browsers and Changes to Support

For information about supported browsers and planned changes to supported browsers, refer to the [Concur Travel & Expense Supported Configurations](#) guide.

When changes to browser support are planned, information about those changes will also appear in the [Shared Changes Release Notes](#).

Additional Release Notes and Technical Documentation

Online Help

Any user can access release notes, setup guides, user guides, admin summaries, monthly browser certifications, supported configurations, and other resources via online Help or directly on the SAP Help Portal.

Use the links in the **Help** menu in the app, or search for your SAP Concur product (Concur Expense, Concur Invoice, Concur Request, or Concur Travel) on the SAP Help Portal (<https://help.sap.com>) to view the full set of documentation for your product.

SAP Concur Support Portal – Selected Users

Access release notes, webinars, and other technical documentation on the SAP Concur support portal.

If you have the proper permissions, **Contact Support** appears on the **Help** menu. Click to access the SAP Concur support portal, then click **Resources**.

- Click **Release/Tech Info** for release notes, technical documents, etc.
- Click **Webinars** for recorded and live webinars.

Cases

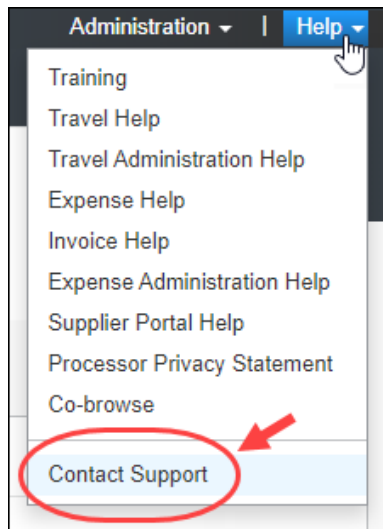

Steps for Getting a Status

Each service release contains case resolutions.

► **How to check the status of a submitted case**

1. Log on to <https://concursolutions.com/portal.asp>.

1. Click **Help > Contact Support**.

NOTE: If you do not have the option to contact SAP Concur support under the **Help** menu, then your company has chosen to support the SAP Concur service internally. Please contact your internal support desk for assistance.

2. Click **Support > View Cases**.

- In the table, view the desired type of cases based on the **View** list selection. Search results are limited to each company's own cases.

The screenshot shows the SAP Concur Support interface. The top navigation bar includes 'Home', 'Support' (highlighted), 'Resources', 'Community Info', and 'Billing'. Below this, there are links for 'Knowledge Base', 'Create a Case', 'View Cases', 'Download Case Report', and 'Report Files'. The main content area is titled '5 - My Cases' and features a 'View:' dropdown menu. The dropdown menu is open, showing options: '1 - All Open Admin Cases', '2 - All Closed Admin Cases', '3 - All Open End User Cases', '4 - All Closed End User Cases', '5 - My Cases' (highlighted), and 'Recently Viewed Cases'. Each option has an 'Edit' link next to it. To the right of the dropdown is a 'New Case' button. Below the dropdown is a table with columns: 'Status', 'Priority', 'Contact Name', 'Site/URL/Acct. #', 'Date/Time Opened', and 'Date of Last Comment'. The table contains several rows of case data. At the bottom of the table, there is a pagination control: 'Show me fewer / more records per list page'. The page also includes 'Previous Page' and 'Next Page' navigation links.
