Legal Disclaimer

The information in this presentation is confidential and proprietary to SAP SE or an SAP affiliate company and may not be disclosed without the permission of SAP SE or the respective SAP affiliate company. This presentation is not subject to your license agreement or any other service or subscription agreement with SAP SE or its affiliated companies. SAP SE and its affiliated companies have no obligation to pursue any course of business outlined in this document or any related presentation, or to develop or release any functionality mentioned therein. This document, or any related presentation and SAP SE or an SAP affiliate company's strategy and possible future developments, products and or platforms directions and functionality are all subject to change and may be changed by SAP SE and its affiliated companies at any time for any reason without notice. The information in this document is not a commitment, promise or legal obligation to deliver any material, code or functionality. This document is provided without a warranty of any kind, either express or implied, including but not limited to, the implied warranties of merchantability, fitness for a particular purpose, or non-infringement. This document is for informational purposes and may not be incorporated into a contract. SAP SE and its affiliated companies assume no responsibility for errors or omissions in this document, except if such damages were caused by SAP SE or an SAP affiliate company's willful misconduct or gross negligence.

All forward-looking statements are subject to various risks and uncertainties that could cause actual results to differ materially from expectations. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of their dates, and they should not be relied upon in making purchasing decisions.

Version Information

Supported Phone OS

Device	Operating System
Apple iPhone	Version 13.0 or greater – users will be able to upgrade to the current version
Apple iPad	Version 13.0 or greater – users will be able to upgrade to the current version
Google Android	Version 8.0 or greater – users will be able to upgrade to the current version

Supported Mobile Versions

Note the following:

- Applicable for 9.96 and newer: If the current mobile app on your mobile device is older than the two latest versions, you will be notified - through a Message Center message and push notifications – that you should update the app to the latest version.
- If you have a version of the app older than the last 4 versions on your mobile device, you will see an upgrade notice on the login page and will need to update the app to the latest version or you will no longer be able to access the SAP Concur mobile app on your device.

NOTE: The SAP Concur mobile app will not be removed from mobile devices that have a version of the app older than the last 4 versions.

For more information on the retention policy, refer to this [FAQ](#).

Release Notes

Android / iPhone / iPad – New Mileage Expense Additional Rate Feature

Overview

With the February (9.99) Mobile release, mobile users can now claim additional reimbursement rates associated with mileage expenses based on government rules for various circumstances. Users can activate these additional reimbursement rates on the mileage report entry screen with a toggle.

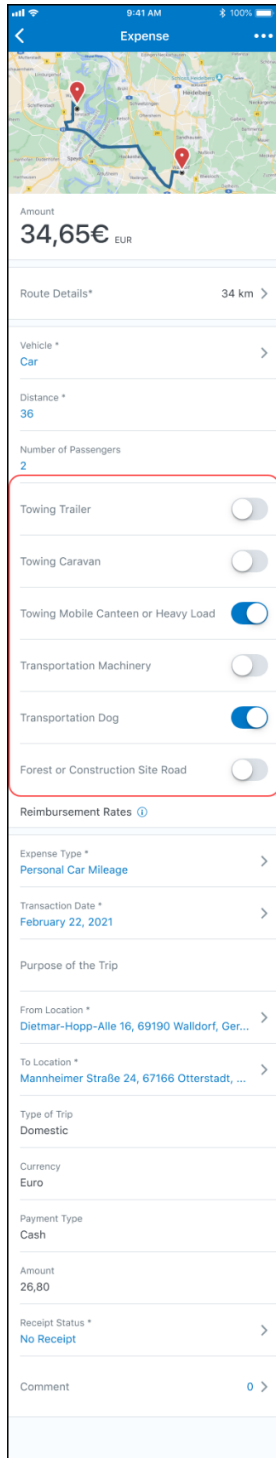

BUSINESS PURPOSE / CUSTOMER BENEFIT

These changes allow users to easily claim additional reimbursements within a mileage expense.

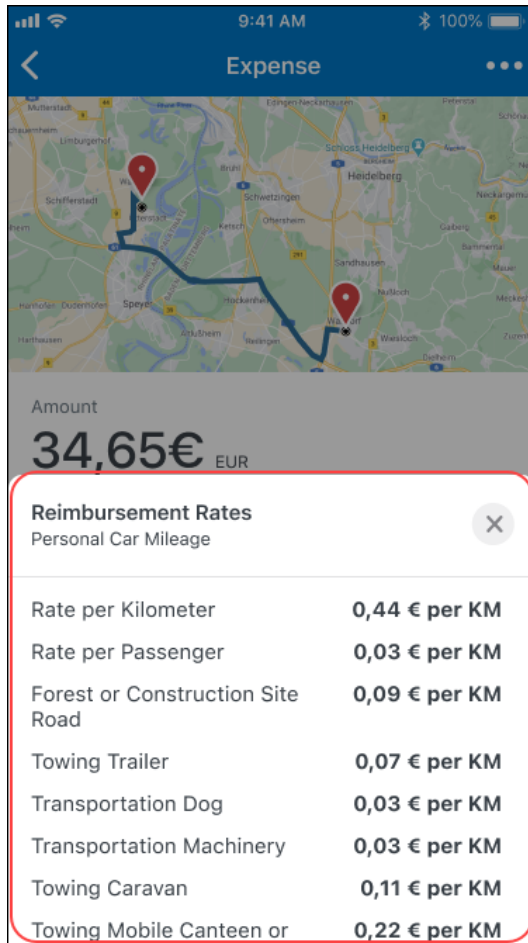

What the User Sees

iPhone

On the **Expense** screen, users can activate an additional reimbursement rate associated with a mileage expense by tapping the desired reimbursement rate toggle.

On the **Expense** screen, when the user taps **Reimbursement Rates**, the **Reimbursement Rates** window appears with the reimbursement rates associated with the mileage expense:

Configuration / Feature Activation

The feature is automatically available; there are no additional configuration or activation steps.

Planned Changes

There are no planned changes this month.
